# FROM THE ARCADE ORIGINAL BY SEGA!

Highly playable and addictive, the captivating cartoon adventure – Wonder Boy is here for your home computer.

Wonder Boy is a kid with a quest: to reach his girlfriend across a very unfriendly landscape. Snakes, fires, snails, bees and tumbling boulders can all make for a short trip – but our hero can break open eggs to collect a stone axe, a guardian angel and other useful items. A skateboard speeds up his progress and picking fruit provides bonus points – if you're careful! A game of skill, timing and good, clean fun.

# FREE GAME OFFER

Collect 5 special 'Coin' tokens contained in selected Activision and Electric Dreams packs featuring 'Free Game Offer' and you can have, absolutely free, any Activision or Electric Dreams game of your choice (subject to availability). Offer applies to games on Amstrad CPC, Commodore 64/128, and ZX Spectrum 48K/128K/+ cassette only, while stocks last. Offer closing date: 31 March 1988.

Write to Activision U.K. Ltd., 23 Pond Street, London NW3 2PN enclosing your 5 tokens from 5 different games, proof of purchase for each of these games, details of your name and address and the game of your choice (or an alternative should the first not be available). Please state whether this should be for Amstrad, Commodore or Spectrum home computer. Activision reserve the right to refuse applications they consider to be counterfeit.
